Or call the office on **01926 640 637**

Thinking about **clearing out** your machinery?

Every farm reaches a turning point. Maybe you're upgrading your kit, changing how you farm, selling land, inheriting machinery, moving farms, changing careers, or preparing for retirement. Whatever the reason, you don't have to tackle a farm clearance on your own.

Meet with an AMTEC team member at your location to talk through the machinery and to understand your timeline goals. You'll receive a single price for the job-lot and if you accept our offer, we will promptly transfer the funds and arrange collection at a time that suits you.

To discuss further, please call our office on **01926 640 637**
